

TO CLEAN SWIMMING POOLS

FRESH START will remove sun tan lotions and body oils from upper walls of pool interior. Dilute FRESH START 2 oz. to 30 oz. water, spray on sponge and rub walls. Before painting pool, FRESH START will remove dirt and grime from pool surface and is an excellent prepaint bonder. Dilute FRESH START 2 oz. to 30 oz. water, stronger if desired. Scrub surface with brush and hose off.

TO CLEAN FURNITURE, UPHOLSTERY & AUTO INTERIOR

Note: Always test for colorfastness when using FRESH START on carpets, upholstery, fabrics and spot cleaning.

1. Vacuum area to be cleaned.
2. Dilute FRESH START 2 oz. to 30 oz. water.
3. Spray mist FRESH START cleaner on surface, let stand for one minute and wipe or pat dry with clean cloth. Repeat as necessary.

TO CLEAN VINYL & CONVERTIBLE TOPS

1. Dilute FRESH START 2 oz. to 30 oz. water. If heavily soiled, 2 oz. FRESH START to 10 oz. water.
2. Spray mist FRESH START over area to be cleaned. (Work in a small area)
3. Scrub top with brush giving FRESH START time to break up soil and mildew.
4. Rinse with clean water.

FOR PRE-WASH & LAUNDRY

To boost cleaning power of regular detergents (powder or liquid) on grass stained clothes, work clothes, diapers, grease spots or heavily soiled clothes, add 2 oz. FRESH START with regular load. For tough stains, dilute FRESH START 2 parts to 10 parts water and moisten problem area, rub in and wait a few minutes, put in laundry as usual.

TO CLEAN BOATS, MOTORCYCLES, ETC.

1. Dilute FRESH START 2 oz. to 10 oz. water.
2. Apply with cloth or sponge, working soil loose.
3. Rinse thoroughly with pressure hose. Buff surface dry. (Do not clean metal in direct sun or when metal is hot.)

TO CLEAN CONCRETE DRIVEWAYS

(Do not use on asphalt)
Dilute FRESH START 2 oz. to 30 oz. water. If heavily soiled, dilute FRESH START 2 oz. to 10 oz. water. Use a strong bristle brush. You may have to repeat if concrete is rough and grease has worked into rough area. Allow five to ten minutes to break up soil and hose off. Repeat if necessary. If fresh oil has absorbed into concrete it may leave a wet look although all surface oil is removed. Let dry a few days in hot sun and repeat. If concrete has totally absorbed soil, you will not be able to remove the stain.

TO CLEAN METAL SURFACES

For mobile homes, aluminum siding, gutters, camping trailers, RV's and semi-tractor washing.

1. Dilute FRESH START 2 oz. to 30 oz. water. (If oxidation, mildew, grease, oil, or diesel is present dilute 1 oz. to 10 oz. water.)
2. Dip sponge (sponge mop for high areas) into solution and wipe clean.
3. Spray mist with hose and let dry.

You may want to spray with liquid wax after the procedure to bring to shine.

TO CLEAN FLOORS

Cleans all washable floors, including no-wax floors, linoleum, vinyl, ceramic tile, and all smooth painted and unpainted surfaces.

1. Dilute FRESH START 2 oz. to 30 oz. water or 8 oz. per gallon in warm water.
2. Pre-soak heavily stained areas and allow five minutes to soak.
3. Mop floor and allow to dry.

TO STRIP LINOLEUM, TILE & WOOD FLOORS

1. Dilute FRESH START 2 oz. to 10. water
2. Sponge mop floor.
3. Let stand three to four minutes.
4. Use Scotch Brite scour pad if done by hand or strip with abrasive buffer.
5. Mop with 2 oz. FRESH START to 30 oz. water and let dry.

TO DEGREASE CAR ENGINES

1. Dilute FRESH START 1 part to 5 parts water.
2. Spray on engine or engine parts when cool.
3. Let stand five minutes for FRESH START to break up grease, oil, and soil.
4. Rinse with pressure hose.

TO CLEAN OVENS, STOVES, & GRILLS

1. Heat appliance up to 110 degrees.
2. Dilute FRESH START 2 parts to 10 parts water. Apply moderately.
3. Leave on for five minutes.
4. Let cool and wipe thoroughly using clean, damp cloth. Use Scotch Brite scour pad if necessary.

HELPFUL HINTS...

Use terry cloth for best results. After cleaning vinyl or wood with FRESH START, use lemon oil or petroleum jelly to bring back the natural shine. Never use in direct sunlight or under hot lights.
